

## Save Muslim Youth and Children from Destruction by Emaanlibray.com

Muslim youth and children are slowly and systematically turning away from Islam by spending more of their time in playing electronic games, using electronic gadgets, on mobile phones, movies, partying, consuming alcohol, gang culture and drugs etc.

To ensure our future generations remain as practicing Muslims, all Muslims are urged to teach their children Islamic knowledge, the best sources are the 4 highly recommended books in English.

- 1 The Sealed Nectar: Life of Prophet Muhammad by Sheikh Safi-ur-Rahman al-Mubarkpuri
- 2 Kitaab at Tawheed (the best book on Islamic belief) by Imam Abdul Wahhab
- 3 Tafsir As Sa'adi (the best Tafsir of Quran in 10 Volumes) by Imam Abdur Rahman al-Sa'di

4 Summarised Sahih Al Bukhari (compilation of the authentic sayings of the Prophet SAWs)

EVERY MUSLIM HOUSEHOLD MUST HAVE THESE 4 BOOKS, AS A MINIMUM.

MUSLIM YOUTH WHO GETS MARRIED MUST BE GIFTED THESE BOOKS, WORTH MORE THAN ALL THE WORLDLY WEALTH.

May Allah preserve the Emaan of our future generations and save them from our sworn enemy - the Shaytan - and all evils and attractions of this world, Aameen.
